

ADVAY KONGORPALLI

903-864-1228 · advayvk@gmail.com · Frisco, TX · github.com/Girff

OBJECTIVE

High school junior with hands-on programming, PC-building, and troubleshooting experience seeking a part-time Retail Sales Associate position at Best Buy. Comfortable explaining technology in plain language to customers of any experience level, and available for evening and weekend shifts.

EDUCATION

Liberty High School — Frisco, TX

Expected graduation: May 2028

- GPA: 4.0 (unweighted)
- AP Computer Science A — Exam score: 5
- Coursework: Video Game Programming

RELEVANT SKILLS

Programming languages: C#, Java, Python, JavaScript, HTML/CSS

PC hardware: Built two custom desktop computers from components, including part selection and assembly

Technical troubleshooting: Years of experience diagnosing and resolving device, software, and network issues

Customer communication: Skilled at translating technical concepts into plain language for non-technical users

Public speaking: Confident presenting to groups and demonstrating technical work to an audience

Teamwork and reliability: Experienced collaborating on long-term projects with shared deadlines

LEADERSHIP, PROJECTS & VOLUNTEER EXPERIENCE

Officer — Computer Science Club, Liberty High School

2025 – Present

- Serve as an elected officer for a club of more than 50 active members.
- Plan and lead meetings, including preparing and delivering instructional presentations to members.
- Mentor newer members and answer questions on programming concepts and tools.

“Spelunking Penguin” — 2D Platformer Game

2026 · 5-month project

- Designed and programmed a 2D platformer game in C# over a five-month development cycle.
- Built core gameplay systems including player movement, physics, and level design.
- Coordinated with a project partner to divide work, merge code, and meet deadlines.

Volunteer — Plano Symphony Orchestra

January 2026 – Present · 15 service hours

- Supported live concert events, assisting patrons and helping performances run on schedule.
- Worked as part of a volunteer team in a fast-paced event environment with fixed start times.

Volunteer — Indica Film Festival

November 2025 – Present · 20 service hours

- Assisted festival attendees with check-in, seating, and general questions during screenings.
- Helped coordinate event setup and screening logistics alongside staff and other volunteers.

AWARDS & ACHIEVEMENTS

- 4th place, State — UIL Computer Science (Texas UIL State Championship)
- Score of 5 on the AP Computer Science A exam (highest possible)
- 4.0 unweighted GPA

AVAILABILITY

Weekday evenings and weekends. Able to work nights, weekends, and holidays as needed.
